

Cheap QT Fluid

Contributed By : Rich Holley

Subject: Re: Quadra Trac Fluid substitute

Hi guys, sorry it has taken me so long to find the info on the QT replacement fluid, but here it is:

The fluid is manufactured by Crown Automotive Sales company. They package it under part number 8133854. It is called TCL-1, and is available at most 4x4 shops that carry Crown products.

Hope this helps...

Rich
